Prayer During Times of COVID-19 Pandemic

Physician of our souls and bodies, we humbly turn to You in this time of global crisis. Take to Yourself those who have died from the virus that now plagues the world, comfort the families and friends who have lost a loved one. Lord, in Your mercy, bring an end to the pandemic, grant healing to those inflicted. Raise our hearts and souls to You, forgive us our voluntary and involuntary sin, and guide us at this time according to Your will, hear us and have mercy.
