Isaiah's Way,

It's a Surprise Series of children's books

Children are where your blessings are...

Donna will share why Down Syndrome is a blessing, not a disability.

Born and raised in Manitoba, Donna met her husband Jean-Marie at the age of 16. They were destined to marry and conquer the world together.

Donna and Jean Marie have been blessed with 12 children. Donna's story is about a family that has prayed together while weathering the storms that life has thrown their way. Their twelfth blessing, Isaiah, was born with Down Syndrome.

\$50 per person or \$60 for banquet & conference
