

*A layette is a baby shower  
in a bag!*

### *Why Layettes ?*

*The heart of this project was birthed  
when we began to hear about a great  
need in our own*

*" back yard . " Babies were coming  
home from the hospital without blankets  
or basic needs. Mothers and caregivers  
had little to offer their own babies.*

*Our hearts broke !*

### *Where do layettes go ?*

*These layettes are created, prayed over  
and donated to :*

*The Crisis Pregnancy Center*

*Baby Blessings*

*Immigrant Families*

*Families In Need Brought To Our  
Attention*

*These ministries have relationships with  
many vulnerable babies and  
marginalized families.*

## testimonials ...

" I was panicking about what I would do. Thank you so much ! I can't believe all the great stuff . " This was a very young mom who had a 2 year old and a 3 month old.

A grandmother has been left with a one week old baby because her daughter could not care for the baby. She had just enough money to live on but couldn't afford anything extra. She was so happy with the layette .

A young struggling mom was given a layette and as she looked into the bag and realized everything that was being given to her, she burst into tears and couldn't stop sobbing.

A single mom who has 3 other children, just broke up with the dad. She wants to finish grade 12, take nursing and make good choices for her life.. She was smiling so big.

One comment I got was "What I get all of this ? Are you sure ? " With a very large incredulous smile and almost giddy excitement for a mom and her first baby !

A layette went to a woman who had scheduled an abortion , but couldn't go through with it . She was so grateful for the support.
